GORE'S DIRECTORY

FOR

LIVERPOOL AND ITS ENVIRONS.

Where Duplicate Numbers occur, they are noted by the Letters, A, B, C, &c. as the case may require; thus, when two houses have been erected, say, between Nos. 26 and 28, they are described as 26A and 26B, thereby obviating the necessity of altering all the remaining Numbers in the street. [Numbers, with the letters affixed, may be obtained on application to the Surveyor, at the Town-hall.]
